

2026's Top 5 Legal Issues for New Hampshire Franchised Dealers

Presented By:

Hilary Holmes Rheaume, Esq., Bernstein Shur, NHADA Gold Partner

Session Description:

The legal landscape for franchised motor vehicle dealers in New Hampshire continues to evolve rapidly, creating new risks and opportunities for dealership operations. This session will provide a practical, forward-looking review of the most pressing legal issues impacting New Hampshire franchised dealers in 2026, including franchise relationships, regulatory compliance, and emerging industry trends.

Designed for dealer principals, general managers, and key leadership staff, this seminar will deliver actionable guidance on navigating manufacturer relations, avoiding costly compliance mistakes, and protecting dealership profitability in a shifting legal environment. Attendees will gain clarity on current state laws, recent legal developments, and best practices to stay compliant and competitive.

Who Should Attend:

This session is ideal for dealer principals, general managers, and executive leadership teams who are responsible for strategic decision-making and overall dealership performance. It is also highly valuable for compliance officers, controllers, HR leaders, and department managers, especially those in sales, F&I, and service, who play a role in ensuring day-to-day operations align with evolving legal and regulatory requirements.
